

## Kean Crew: Bill Spadea's September 25th Message

September 25, 2006

Kean Crew Members -

Thanks for the hard work you are all doing to sustain the incredible momentum of this campaign. As you know, Tom is up 6 points in the latest poll and positioned well for the final 43 days of the campaign.

Our grassroots organization is growing every day thanks to your efforts forwarding these emails and spreading the word.

Last week we had some great events that showed the strength of our volunteer movement.

On Thursday, Matt Mowers, the new state chairman of the Teenage Republicans and rising GOP star held the first 'Action Meeting' at Headquarters. Teenage GOPers from across the state had the opportunity to meet Tom and get the 'inside scoop' on the polling and strategy for the next few weeks.

This past Saturday, hard-charging College Republican Chairman, Frank Luna held an 'Action Meeting' at Headquarters with nearly 40 College Republican members representing 9 colleges across New Jersey. CRs also met with Tom and discussed the next steps to winning in November.

Many of you on the Mercer County team were able to catch up with Tom while he crisscrossed New Jersey's many outdoor events this past weekend making a stop at the Italian-American Festival at Mercer County Park.

Tom was impressed at the level of involvement our volunteer teams have shown this early in the school year. Hang on...it's going to get more intense as the schedule includes more events and longer hours as we approach Game Day. Remember, every vote counts and Tom is counting on your continued support...every vote counts!

If you haven't done so already, please email your address book the link to the Kean Network. Remember to ask them 'as a personal favor' to sign up to receive updates and stay informed.

Don't forget to register to vote in New Jersey and submit an absentee ballot so you're free to help Tom on Election Day.

Email me at [bill@billspadea.com](mailto:bill@billspadea.com) if you have any questions or comments. Let's win!

See you on the trail...

Bill Spadea
